Liberty Loan Sunday will be ob-
served in the churches here next
Sunday and plans were being for-
mulated here today to stage a big
celebration on Wednesday, October
24, in accordance with a proclama-
tion issued by President Wilson to-
day urging that day be set aside to
boost the Liberty Loan. The ob-
servance in the church was decided
upon at a meeting of the minist-
erial association in the Peoples Na-
tional bank this morning.

Rush county is still gaining on
other Indiana counties in the sev-
enth district federal reserve bank
district in the per cent of Liberty
Loan Bonds sold.

The last report from the district
headquarters at Chicago, received
last Thursday, disclosed Rush coun-
ty is seventh place among the coun-
ties of the state, but the report this
morning ranks this county sixth
and a close contender with Shelby
county for fifth place. If the coun-
ty keeps up its gains—because she
was in tenth position less than a
week ago—she will be up in second
or third position on the next report.

The report received today covers
all subscriptions received up to the
close of business last Tuesday eve-
ning. It will be seen that this
does not include the day of Rush
county's drive so that the next re-
port may be expected to show a
much larger gain than any yet and
will likely put Rush county nearer
the front than ever.

Today's report gives Rush coun-
ty's number of bond subscriptions
as one hundred and twenty and the
par value of them as \$79,850. This
is 11.2 per cent of the county's
quota.

The Liberty Loan organization
here will attempt to get a man of
national reputation for the celebra-
tion Oct. 24. The proposition of
bringing Newell Dwight Hillis or
Lincoln McConnell here is being
considered, but it is regarded as doubt-
ful whether either man could be ob-
tained. At any rate, the committee
will try to get a good speaker. It is
impossible to get Senator James E.
Watson because his time is all taken
until November 2.

In observing Liberty Loan Sun-
day in the churches, the ministers
will preach Liberty Loan sermons
Sunday morning and the congrega-
tions will all be asked to sing the
national anthem at the same hour.
Other patriotic songs will be sung.
It is probable arrangements will be
made to toll the church bells ten
minutes.

The record which Richland town-
ship has made has stirred other
township committees to greater ac-
tivity. Joe Pike, chairman of the
Richland township committee of
cavassers, reported to A. L. Gary,
chairman of the County Council of
Defense, that up to Saturday night
subscriptions in his territory
amounted to \$22,850. This probably
exceeds any other district in the
county, although definite reports are
not at hand to prove this.

The county chairman of the Lib-
erty Loan organization here has been
informed of a coast-to-coast aero-
plane raid on hundreds of cities in
behalf of the Second Liberty Loan.

Richland Township Record.

Richland township has a rec-
ord in the Liberty Loan bond
sale campaign that is probably
not excelled by any other town-
ship in the county. Up to Sat-
urday night the township had
subscribed to \$22,850 of bonds.
The subscriptions in the whole
county up to Tuesday night
amounted to only \$79,850.

Army flyers in aeroplanes and bal-
lons will accomplish this raid on
this coming Saturday.

The flight which is of local inter-
est is the one to be made from
Wright field near Fairfield, O., to
the Speedway near Indianapolis.
Whether the flyers will come over
this city is not known, but it is prob-
able that they will if there is more
than one. One route is along the Na-
tional Road and if a second route
were followed, it would in all prob-
ability be over this city by way of
Liberty, Connersville, Rushville,
Morristown and Indianapolis, be-
cause local business men have al-
ready been promised that some trial
flights will probably be made this
way.

The Liberty Loan organization
here will be informed if there will
be a flight over this city because a
circular issued by the Chicago
headquarters says each community
over which the army flyers will ap-
pear is expected by Washington to
arrange celebrations and separate
attractions for the day of the flight.

At an appointed hour, forty-five
aviators and eight balloonists, arm-
ed with paper bombs, will ascend
for flights ranging from fifteen to
one hundred sixty miles between
camps, where the "Eyes of the
Army" are in training. As cities,
villages and towns are passed over,

SHOOTING CRAPS IS UNDOING OF 2 BOYS

James Palmer's Parole is Suspended
And he is Sent to Reformatory
by Court

FRANK HUDSON IS ALSO HELD

Shooting craps on the sidewalk at
the corner of Second and Harrison
streets, proved the undoing of
James Palmer, 16, and Frank Hud-
son, 15. The two boys, with two
others close by were in the act of
shooting for 25 cents when the
police arrived and broke up the
game. The money was on the side-
walk and it had all the appearances
of a regular game. It happened
about ten-thirty o'clock Saturday
night and Chief Yakey and Police-
man Seward broke up the fun.

Two of the four boys caught were
onlookers and no charges were pre-
ferred against them.

Palmer and Hudson were taken
before the juvenile court this morn-
ing and both entered pleas of guilty
to gaming. Palmer's parole on a
charge of second degree burglary
was revoked and he was sentenced
to the reformatory at Jeffersonville
for a period of from two to four-
teen years. The charge of gaming
was dismissed and the parole then
revoked after the court found he
had not followed instructions re-
garding his conduct. The case of the
Hudson boy was referred to Prob-
ation Officer James G. Miller.

The Palmer boy was originally
given the suspended sentence for
breaking into a C. I. & W. freight
car and stealing some tobacco. The
boys were first brought in police
court and on account of their ages,
the mayor ordered them sent to the
juvenile court.

ONE MORE CASE IS REPORTED TODAY

Harley Frazier is Found to be Suf-
fering With Diphtheria—Strict
Quarantine

NONE RELEASED UNTIL WELL

Health Board Gets Report From
Indiana on Culture Before
Lifting Quarantine

One new case of diphtheria was
reported today, Harley Frazier be-
ing the patient. He had suffered
from a sore throat for a few days
and a culture report sent back from
Indianapolis brought the word that
he had diphtheria.

The health board believes it has
the situation well in hand, despite
rumors and wild stories going the
rounds, especially in surrounding
cities. A report from Richmond to-
day stated that it was rumored there
that no children were permitted
either to leave or enter the city and
that the epidemic was raging hor-
ribly.

A Richmond paper telephoned
here to verify the report and was
promptly told the truth. With the
possible exception of one patient al-
are getting along as well as could
be expected. The one exception is
the case of Vivian Stucker, corner
of Willow and Ninth streets. The
child was critically ill Sunday and
for a time her death seemed certain.
Today, however, she was better and
the attending physician held out
hopes for her recovery.

To make absolutely sure that none
of the families under quarantine are
released before they are thoroughly
recovered the health board sends a
culture to Indianapolis for examina-
tion. One family today was about
to be released from quarantine, but
the report showed positive signs of
germs and the quarantine will not be
raised. In this manner the health
board is using extreme care not to
expose others to the disease.

Some of the cities surrounding
Rushville have taken advantage of
the epidemic and exaggerated the
conditions. The local press has given
the exact situation as revealed by
the health board and there could be
no source of information as authen-
tic as that of the board. The board
is telling the exact conditions so
that the public can co-operate and
this the public is doing.

There were no Sunday schools
yesterday and every effort is being
made not to permit children to con-
gregate. Today there were very few
children on the streets of the city
and they themselves have shown a
willingness to help. Unless some
unforeseen complications develop,
the city schools will open next Mon-
day, the date originally set by the
board of health.

ONE IN COURT.

Clarence Abrams pleaded guilty to
public intoxication in police court
this morning and was fined one dol-
lar and costs. He paid his fine,
amounting in all to \$11.

A boy was born to the wife of
Louis Miller this morning.

WHITE SOX ARE NEW CHAMPIONS

Win World' Series by Taking Game
Today From New York by
Score of 4 to 2.

SCORE THREE IN FOURTH

Outhit and Outplay Giants—Perritt
Relieved Benton in Sixth
But Too Late.

Polo Grounds, New York, Oct. 15.
—The Chicago White Sox today won
the sixth game and also the world's
series by beating the Giants, 4 to 2.
The new champions were apparently
crowned in the fourth inning when
they found Benton for three runs.
This lead was never overcome, al-
though the Giants fought hard and
scored two runs in the fifth inning.
Perritt relieved Benton on the mound
for New York at the start of the
sixth. The Giants played ragged
ball in the field and every error was
taken advantage of by the Sox. The
score by innings:

R H E
Chicago 0 0 0 3 0 0 0 0 1—4 7 1
N. York 0 0 0 0 2 0 0 0—2 6 3

(By United Press.)

Polo Grounds, New York, Oct.
15.—The Giants and White Sox met
here this afternoon in bitter strife
for what may be the deciding game
of the 1917 world's series.

There were no friendly greeting
and hand shakes exchanged be-
tween the two teams. Each group
vent about their batting practices
without the usual kidding from the
other side. For the Giants the series
was at stake on the turn of this
game. The Sox might lose and come
back tomorrow but there would be
no tomorrow for the New York
crowd if they failed today. The
weather today was the best of any
game of the series. A warm sun was
shining, so warm that overcoats
were doffed. The stands filled slow-
ly.

Aside from the occasional dangle
ing of cow bells the crowd was ex-
ceedingly quiet.

The playing field was in excellent
condition. Benton was putting a lot
of stuff on the ball.

FIRST INNING

Chicago—J. Collin out, Fletcher
to Holke. McMullin fouled to Rari-
den. E. Collin singled to center.
Jackson out, Herzog to Holke. No
runs, one hit, no errors.

New York—Burns out, E. Collins

Kauff fanned. Zimmerman fied to
Jackson. No runs, one hit, no errors.

SECOND INNING

Chicago—Felsch fanned. Gandil
singled to center. Weaver out, Ger-
zog to Halke. Schalk out, Zimmer-
man to Holke. No runs, one hit, no
errors.

New York—Fletcher out, Schalk
to Gandil. Robertson out, E. Col-
lins to Gandil. Holke doubled to
left. Rariden out E. Collins to Gan-
dil. No runs, one hit, no errors.

THIRD INNING

Chicago—Faber fanned. J. Col-
lins fied to Herzog. McMullin fan-
ned. No runs, no hits, no errors.

SUBMARINE SHELLS PEOPLE LEAVING SHIP

London, Oct. 15.—One American
was killed and a second seriously
wounded by shell fire from a German
submarine against their boat as they
were leaving a torpedoed steamer,
it was announced today.

The American killed was James
Fringer. Frank Donohue was
wounded. Ten other Americans es-
caped. Two English members of the
crew were also killed by the subma-
rine gun, fired directly with apparent
deliberation on the boat.

TAX PAYING SEASON HERE

Many Have Forgotten About, It
County Officials Believe

With the fall tax paying season
at hand, the treasurer's office prom-
ises to be a busy place from now on
until the first Monday in November.
The rush has not yet started and it
is evident, according to officials,
that many people have forgotten
about paying their taxes. Starting
today the sum of \$14,000 had to be
paid in every day if the full in-
stallment was to be met. The daily
average will increase as it is not
expected that this sum will be paid
in every day. The last day for pay-
ing taxes is November 5, the day be-
fore the city election.

LEONIDAS H. MULL DIES AT MANILLA

Prominently Identified With Farm-
ing, Banking and Political
Circles of County

ONCE SERVED IN LEGISLATURE

One of Founders of Manilla Bank,
Serving as Vice-President at
Time of His Death

Leonidas H. Mull, 51 years old
prominent resident of Walker town-
ship, died at his home in Manilla
Sunday morning at eleven o'clock
following a long illness from dia-
betis. Mr. Mull had been ill seri-
ously since last spring, and alto-
gether his death had been expected
it came as a surprise to a large
circle of friends and the immediate
family.

The funeral services will be con-
ducted at the late residence in Man-
illa Tuesday afternoon at two
o'clock, conducted by the Rev. Virgi
Tevis of Martinsville. Burial will
take place in East Hill cemetery
here.

Leonidas H. Mull was born at the
Mull homestead in Walker township
and had spent practically all his life
in Rush county. He was prominent
as a farmer, banker and politician.
His father was the late Cyrus Mull
one of the pioneers of Walker town-
ship. His mother, Mrs. Elenor Mull
survives him.

Mr. Mull, together with his broth-
er, Thomas K. Mull and other
members of the Mull family found-
ed the Manilla bank and Mr. Mull
served as vice-president for many
years. He was also extensively en-
gaged in farming and his financial
holdings were among the largest in
Rush county.

Mr. Mull was prominent in the
democratic party and in 1898 was
elected to legislature from this
county, which fact attested his pop-
ularity. Mr. Mull at one time aspi-
red for the congressional nomination
and was a candidate before the
convention against Finly Gray, in
1910. Mr. Mull was beaten for the
nomination in one of the great con-
ventions in the history of that party.
Since that time he had frequently
been mentioned as a candidate, but
would never permit his name to be
placed in the field.

He was a capable business man
and a practical farmer and there-
fore was no better known man
in Rush county. Mr. Mull never
married, and is survived by his
mother, the one brother, Thomas K.
Mull and one sister, Miss Mary
Mull.

Mr. Mull was a member of the
Masonic, Red Men, Odd Fellows and
Knights of Pythias lodges. He took
an active interest in the Masonic
lodge, being a thirty-second degree
Mason. He belonged to the Shrine
and Scottish Rite branches of this
lodge.

Mr. and Mrs. J. M. Higgins and
family are moving from property on
First street, to 427 North Harrison
street.

TAKE \$15,000 OF 2ND LIBERTY LOAN

\$900,000 Has Been Taken

COMPLIMENT BY MOORHEAD

Rush County Boys Are Divided Into
Gunners, Drivers and Cassion
Crews in Artillery

Camp Shelby, Miss., Oct. 12.—(By
Mail)—In a speech vibrant with pa-
triotism, Captain John H. Kiplinger,
of Rushville, Ind., commanding the
Headquarters Company of the One
Hundred and Thirty Ninth Field
Artillery stationed here, today urged
the men of the regiment to invest
their savings in Liberty Bonds. The
occasion was the assembling of the
One Hundred and Thirty Ninth for
ceremonies in connection with the
launching of the government's sec-
ond big Liberty Loan drive. Nine
hundred thousand dollars of the new
loan has been subscribed by soldiers
at Camp Shelby. Fifteen thousand
dollars of this sum has been taken
up by the men of former Company
3 of Rushville who are now in Bat-
tery A and in the Headquarters
Company.

"In offering your service and if
need be your lives, you men have al-
ready laid your highest sacrifice
upon the altar of your country; yet
with your extra dollars you are
now given an opportunity to express
another way your confidence and
loyalty to your government and at
the same time realize upon a safe
and profitable investment," the cap-
tain stated. He then explained to
the men the method the government
as adopted in selling the bonds
without making the expense burden-
ome to the soldier. A soldier may
purchase a fifty dollar bond, paying
for it in ten monthly installments of
five dollars each. The bonds bear
four per cent interest and in addi-
tion each soldier purchaser is al-
lowed a discount of 25 cents, making
the bond cost but \$49.75.

The Headquarters Company of
the One Hundred and Thirty-Ninth
Artillery is making rapid strides
under the able command of Captain
Kiplinger. While it is considered the
most difficult unit in the regiment
to organize, yet the organization is
rapidly being completed. The com-
pany was complimented highly by
Colonel Moorhead who inspected it
last Saturday. The Colonel was
specially pleased with the neat
quarters occupied by Corporals
George Myers, Lawrence Cameron,
Charley Pea, Paul Koons, Carl
Peters, Hartford Sallee and Henry
Ball all former members of Com-
pany B, 4th Indiana Infantry. Af-
ter inspecting their tent he turned to
Captain Kiplinger and exclaimed,
"My what a clean, husky looking
 bunch of men."

"Rush County products," the
captain replied.

In Battery A, which is composed
of men from Rushville and Decatur,
great headway is being made. The
men now have been divided into
gunners, drivers and cassion squads,
and are being drilled 8 hours daily
in the fascinating work of the ar-
tillery. Horses are expected within
the next few days and their assign-
ment to the batteries is eagerly an-
ticipated by the men.

The One Hundred and Thirty-
Ninth started upon the first of six-
teen weeks of intensive training
Monday. The schedule calls for
eight solid hours of drill and study
each day. The character of the
training will be changed weekly.
The program this week is one that
affords but little spare time to the
soldier.

He rises at 5:45 a. m., dresses
and ten minutes later is answering
roll call on the company street. This
formality over, he marches to the
drill ground for fifteen minutes of

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anurie (double strength) at the drug store. This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will find that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

MANY OF OUR HOME STATE WOULD TESTIFY.

Logansport, Ind.—"It has been some time since I took Dr. Pierce's Golden Medical Discovery. I was troubled with my stomach and I tried everything I heard of, but got no relief. I happened to get a book, telling about this medicine. I read it carefully and thought I would try it. I got six bottles for \$5.00 and I could feel the change before I finished the first bottle. I took about four bottles and I know it helped me more than any other medicine. I am always glad to tell and help others by telling about this medicine. —A. B. WINHAM, 423 Howard St. All druggists. COMBUSTION CAUSES FIRE

Blaze Breaks Out in Indiana Coal at The Mauzy Company

The second fire within the past few weeks caused by combustion in Indiana coal, occurred Sunday when a blaze was discovered in the coal bin at the Mauzy Company store, Third and Main streets. Hugh Mauzy had occasion to go to the store yesterday morning and found the fire. No blaze could be seen but smoke was coming from the bottom of the bin over near the wall separating the bin from the furnace. The fire department took a garden hose to the store and played water on the coal for several hours, finally drenching it so that the blaze went out. The damage from fire might not have been great, but the smoke would have resulted in heavy loss had the fire not been found just in time.

FOUR CARS OF BRICK HERE

Work Will Now be Resumed on Third Street Paving.

Four cars of paving brick for the Third street paving arrived in this city this morning. The failure of the brick to arrive has delayed the paving. The concrete base has been laid for about one and one-half squares and it is believed the work can be finished as far as Morgan street before cold weather stops work.

James P. Scott of Washington township, who underwent an operation last week is recovering nicely.

The Only Absolute Smoke Consuming Stove on Earth.

No Smoke! No Soot! No Dirt! No Clinkers!

Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:—

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

Destructive Criticism

Custom and habit die hard. But the exigencies of human affairs sometimes demand that, however painful the demise, die they must.

The present world war has been the cause of the painful or painless end of many American customs, and many more are slated for the limbo of things that were.

One peculiarly American custom, that has heretofore been regarded as almost a sacred right, is that of being privileged to criticize those in authority. Public men have heretofore regarded themselves as fair targets for every man's verbal artillery, and hence have paid very little attention to it in the main.

Under present conditions, however, the American people are called upon to forego—at least for the time being—this great American privilege; not at all because of its effects upon the subjects of their censure, but because of its destructive effects upon the cause that at this time should be nearest the heart of every true son of America—the winning of the war for the freedom of the earth.

During the six months that have elapsed since this country entered the lists against the central powers of Europe, scarcely a public official has escaped this criticism. In many instances the effect has been little short of disastrous to the plans of the government. Not because of any direct effect upon the officials themselves, but from the simple fact that no man or set of men are proof against opposition. Even the most flagrantly unjust criticism of the most worthy official will to a great extent destroy his influence, undermine his labors and render abortive his best efforts.

If this country wishes an object

Not Due To Sex Alone

Rushville Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have to come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well-recommended by Rushville people. Read this case:

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: "I have had kidney trouble and I certainly appreciate what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Pitman & Wilson's Drug Store. I started using Doan's and the pain in my back soon disappeared."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wylie had. Foster-McBarn Co., Mfgs., Buffalo, N. Y.—(Adv.)

lesson of the deadly effects of divided councils, she has but to look at Russia. That the Russian people were justified in deposing the autocracy, none will deny. But when the Czar relinquished the reins of government, it was to a divided and disorganized people—a people with no unity of thought or unanimity of aims. All on earth that the Kersensky government lacks is the moral support of the people. But without this it is impotent and chaos reigns.

Do the American people want chaos in this country? Unlicensed criticism and ill-considered attacks upon those in authority are powerful instruments to bring about just this condition.

President Wilson has been entrusted with the destinies of the American people. Most of those under him in authority are men of his choosing and answerable to him and to the people, as he is also answerable to the people. Attacks upon his lieutenants are so many sticks of dynamite at the foundation of the American cause. They give encouragement to the enemy and create an atmosphere at home that can have but one effect—to tie his hands and render futile his efforts.

The old horsemen's motto is a good one in this instance: "Never grab the reins when the other fellow is driving."

Remember Samson chose his most deadly weapon "The jawbone of an ass."

An Immaterial Difference

It develops that in a matter of figures, there was once a great disagreement between Theodore Roosevelt and George Dewey. The difference was so great as to amount to 5900 per cent. Such a wide margin as that certainly calls for more than ordinary consideration. It seems that when Germany had a squadron of battle ships hovering around Venezuela in 1902, President Roosevelt told the German Ambassador to have his nation call off the dogs of war within 48 hours or he would have Dewey in action. Roosevelt says that at the same time he sent word to Dewey to be ready at an hour's notice. Someone later raised the question about this and Roosevelt referred the questioner to Dewey for confirmation and Dewey said his instructions were to be ready at a minute's notice. The difference between one minute and sixty minutes is 59 minutes, or 5900 per cent. However, it is worthy of note that the German Ambassador sent word home and the German squadron left Venezuelan waters. The difference between one minute and sixty minutes was not so great as to be of weight in determining the action of the German government. Perhaps the German Ambassador wasn't paying as much attention to the difference in minutes as he was to the shape of the jaw and the past record of the man with whom he was dealing. Whatever may have been his mental processes, he acted on the Roosevelt suggestion. We gave Germany an ultimatum and did not go to war either.

The latest revelations of the state department regarding German espionage in the United States places the United States in the same class as Belgium. Even as Germany devastated Belgium, so did she send her emissaries into this country and take the lives of innocent people without cause. Every day makes it more evident that the world can not go on in safety as long as the German autocrats live and rule.

Not the least of the evil effects of this war is the added burden it places on the geography class.

The predicted "dollar eggs" should prove a fertile field for Brother Hoover's activities.

We don't object to the man with a hobby, if he won't insist on all his friends riding with him.

As a real work of art, how about the engraving of a Liberty Bond?

And Sweden, also, protests she "didn't know it was loaded."

JOFFRE'S MAIL IS EXTREMELY HEAVY

Still Receives Many Letters From Admiring Women and Children in United States

ALL LETTERS ARE ANSWERED

(By United Press.)
Paris, Sept. 15 (By Mail)—The heaviest mail bag of any person in France is probably that of Marshal Joffre.

The Marshal is between two fires. He still receives an enormous number of letters from women and children in America who assure them of their admiration. On the other hand, French soldiers at the front, both officers and poilus, keep up a running fire of correspondence with the Marshal on various subjects. Numerous secretaries carry out the Marshal's order that all letters must be answered.

All of Marshal Joffre's correspondence leaving the Ecole Militaire, where he has his office, is carried in French and International mails without postage. In lieu of stamps a small red seal—a circle in which are two crossed Marshal's batons with the words "Republique Francaise, Marshal Joffre," carries the mail of the Marshal anywhere in the world.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

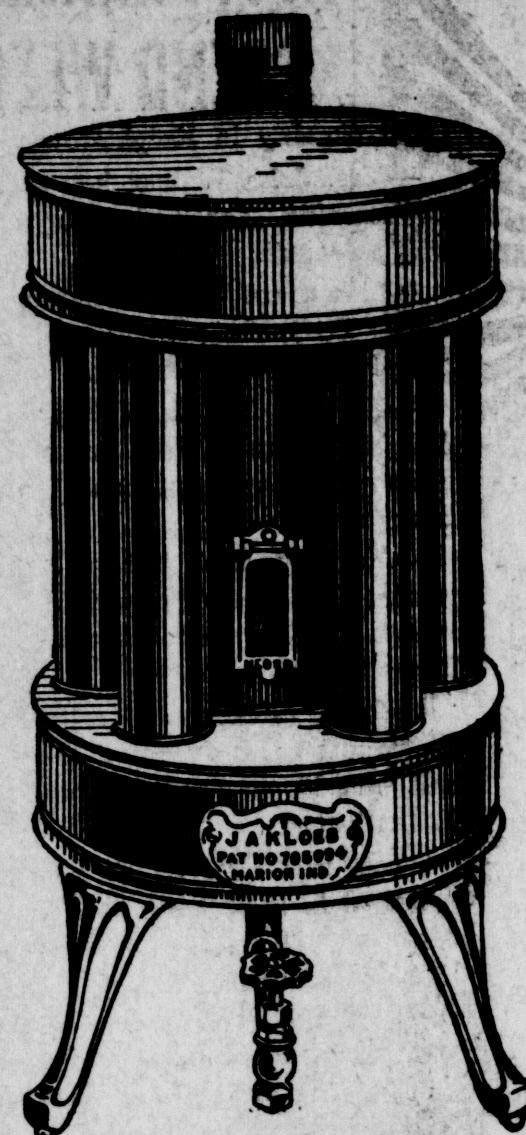

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

W. F. FRANKLIN TO SPEND WEEK HERE

Representative of Department of Agriculture Urges Selection of Seed Corn Now

SPECIAL WEEK BEGINS TODAY

Increased Production Must Come From Increased Yields Per Acre, he Declares

Seed corn week began today. The state food committee has designated this week to emphasize the value and importance of the patriotic work of selecting sufficient seed corn for the next year's crop right now.

W. F. Franklin of Danville, Ind., representative of the United States department of agriculture, will spend the entire week here and wants to see all the farmers he can and give them as much aid as it is possible for him to give.

The United States Relation Service in co-operation with Purdue University has put thirteen men in non-county agent counties to assist in organizing the counties for this work. Bankers, grain dealers, business men, millers, schools and county agents are co-operating to the fullest extent. From every section of Indiana, come reports of the loyal co-operation being secured and it seems that every one is trying to excel his neighbor in doing his bit. The farmers in Wabash, Montgomery, Johnson, Bartholomew, Shelby and Allen counties, all large corn producing counties, are each trying to excel all the other counties in the State in the amount of seed corn selected and stored for planting next year.

"There is every indication that corn will be needed just as badly at the close of 1918 as it is now," Mr. Franklin says. "No one knows how long the war will last. The only way to close it soon is to let our opponents know that we are prepared to carry it on indefinitely. To do this we must exert every effort possible to increase food production. Corn is needed in large quantities to produce pork and beef and to maintain work stock, breeding stock and also as food for man. It will probably not be wise to increase the 1918 acreage much if any above that grown in 1917, because of lack of labor. Increased production must come largely from increased yields per acre. This means that a supply of good seed must be available. And this in turn means early fall selection."

Early selection not only insures greater vitality but the seed thus selected gives plants that have greater vigor, he says. Corn is especially green this year and should we have a frost before October is gone much of it would be unsuited for seed. The only way to avoid this is to select your seed corn now. Experiments conducted at Purdue show that seed selected before the corn is well denting and also that

IF BACK HURTS BEGIN ON SALTS

Finish the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, ladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

We Have Them

We bought them last April before the advance in price. They are nice, comfortable, good looking, easy riding, sliding doors, nice curtains, 24 inch lazy back and a lot more good things that you have to see to appreciate.

We want you to see them and if you need a Storm Buggy why not buy the Best, when you buy it for less money than you can some other make.

We were fortunate this year in securing the ZIMMERMAN line of STORM BUGGIES, the one line that no one can truthfully say is not the best on the market and by early buying, we were able to get them at a price that makes it possible to sell them to you at a little below the price of other makes, that are not so good.

There are lots of people in Rush County, who have owned ZIMMERMAN BUGGIES. Ask them how they wear? They will tell you they are the best buggy they ever owned. Let us show you these buggies before you buy. If you don't when you see your neighbor's you will wish you had.

RUMOR OF SHOOTING FRAY DENIED TODAY

Deputy Sheriff Fails to Find Any Evidence of Alleged Fight in Glenwood Sunday

FAMILY QUARREL IS TROUBLE

Rumors of a fight between Jasper Dudgeon and his step-son, Jesse Vandiver, at Glenwood which resulted in the shooting of Vandiver Sunday afternoon by Dudgeon, were denied today in Glenwood. In a call to the sheriff here yesterday by Marshal Monroe Brooks, it was stated Vandiver had been shot through the ear, but as near as can be determined Dudgeon, if he injured Vandiver, did so with a poker. ASKS WHAT IS TO BE DONE IN THIS STATE

(By United Press.) Indianapolis, Ind., Oct. 15.—Lieutenant Governor Edgar D. Bush, acting for the governor, today sent a telegram to President Wilson and arrests were made today.

Deputy Sheriff Sullivan was in Glenwood this morning investigating and found no evidence regarding any shooting. Squire Thompson of Glenwood, also denied the shooting story and stated no charges had been filed in his court. Brooks told the sheriff he was afraid of a riot and asked for help. Sheriff Cavitt told him to make the arrest as he had as much authority as he. The fight started over a family quarrel.

Harry Garfield, federal coal administrator, asking for a specific statement of what the federal government is going to do to relieve the coal situation in Indiana. He declared that if no reply is received within forty-eight hours, the state will be ready to take drastic action. "We will try as far as possible to keep within the law," said the lieutenant governor, "but I cannot promise we will. There is a higher law than that upon the statute books and the constitution recognizes that law."

KEEP RECORD OF U. S. FIGHTERS

Statistical Division of War Department Will Provide Means of Checking Casualty Reports

TWO FILING SYSTEMS USED

One Will Contain Name of Every Man in Service, Other Gives Regimental Service

(By United Press.)

Washington, Oct. 15.—A small army of clerks, operating files covering 40,000 square foot of floor space, soon will be employed by the statistical division of the War Department to keep the individual record of every man wearing Uncle Sam's uniform.

Announcement of the details of this gigantic filing system forcibly bring home the fact that American soldiers will be killed, wounded and imprisoned in Europe.

The main purpose of the statistics is to provide an accurate means of checking casualty reports. Incidentally, however, the complete army history of the men will be recorded.

Major J. J. Jones has charge of the central office at Washington. Another will be established in Europe. Weekly reports will be made to central offices by divisional bureaus, which in turn will receive information from three members of each regiment, specially detailed to the work.

Two filing systems will be maintained. One, containing alphabetical order the names of every man in the service, will serve as a check in referring to the original names.

The record of each man will contain the name and address of his nearest relative, to serve as an aid in transmission of cabled reports of deaths. The record also will contain reports of military funerals, location of burial places and information concerning Americans held in enemy prison camps.

Until the Red Cross came to its aid, the British government experienced great difficulty in handling casualty reports, and by the establishment of this system the War Department intends to avoid similar confusion.

brisk setting up exercises that sends the blood leaping through every vein and gives him a tremendous appetite for the appetizing breakfast that follows. Breakfast over, the soldier has thirty minutes in which to make up his bed, police up around his tent and put himself in a presentable condition for drill. The morning drill begins at 7:30 and lasts until 11 o'clock. At 11 there are 45 minutes more of physical drill after which a respite of thirty minutes ensues to afford the soldier an opportunity to wash up for the noon meal at 12:15.

At 1:30 p. m. it is once more time to fall in for afternoon drill which lasts until 4:30 o'clock. Then comes the impressive ceremony of formal guard mount and retreat at 5:20 at which every soldier must attend, fully uniformed, spic and span with clean clothing and polished shoes. The evening mess call blows at 5:30. If a non-commissioned officer, the soldier again falls in at 7:30 p. m. for an hour's instruction from his officers. After school he has a little time to write letters but he must hurry as call to quarters is sounded at 9:45 p. m. and every man must be in his tent. At ten taps blow and as the last sad note of the bugle is echoed back by the pine forest every light must be out and every man in his cot. Absolute silence must be maintained as the soldier has less than eight hours to rest tired muscles and get them in condition for another day of strenuous exercise.

On Saturday and Sunday the routine is varied. No work but that absolutely necessary is performed on Saturday afternoon or Sunday and the men are permitted leave of absence on these days.

Six thousand conscripted men are expected at Camp Shelby within the next few days. About 400 of them will be assigned to the One Hundred and Thirty-Ninth Artillery.

OVER HALF OF COUNTY AGENT FUND IS RAISED

Three Hundred of Necessary \$500 Is Subscribed by Farmers of Rush County

PAPER IS AT PEOPLES BANK

Thus far about \$300 has been raised towards the necessary \$500 to make a county agent possible here. W. A. Alexander, who has been largely responsible for raising the money, stated today he believed he could secure the full amount in a very short time if he had the time to devote to the project. The subscription paper has been left at the Peoples National bank and anyone interested in securing a county agent can contribute by calling there.

"I did not get to see very many people," said Mr. Alexander, "in obtaining the \$300 and the full amount would have been raised long ago if I had had the time. We who are interested in obtaining a county agent have not given up hope by any means and it will be only a short time until the petition is presented."

The petition is presented to the commissioners and the \$500 is a guarantee of good faith and goes towards the first year's salary of the agent. The law makes it mandatory on the county council to appropriate money once the petition is presented along with the \$500.

POLICE SCANDAL TO GET HEARING

Former Chief of Chicago Department Goes on Trial on Charges of Conspiracy

SPECIAL VENIRE IS CALLED

(By United Press.)

Chicago, Oct. 15.—Charles C. Healey, former chief of police, went on trial in circuit court here today on charges of conspiracy, growing out of alleged collection of money from resorts and gambling houses for "protection" and the "sale" of promotions in the police department.

Jointly charged with Healey are William Skidmore, saloon-keeper, and Stephen Barry, former detective sergeant. Clarence Darrow, famous labor attorney is chief counsel for Healey. Judge Sabath has called a special venire of 100 men for the opening of the trial.

NEW PENSION BOARD HERE

Drs. E. I. Wooden, C. H. Parsons and H. P. Metcalf the Members

The re-organized pension board for Rush county is composed of Drs. E. I. Wooden, Charles H. Parsons of this city and H. P. Metcalf of New Salem. Announcement of their appointment was received today from Washington. The old board was composed of Dr. W. C. Smith, Dr. H. V. Logan and Dr. Walther of Glenwood. Dr. Smith was appointed to fill the vacancy caused by Dr. Charles L. Smullen's resignation and when he himself resigned several weeks ago the board was reorganized.

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

PREPARING TO TREAT INSANE

Government Estimates That 20 Per Cent of Soldiers Will Require Treatment

DR. WHITE WILL HAVE CHARGE

Shell Shock and Similar Maladies Expected to Claim Heavy Toll in Army

(By United Press.)

Washington, Oct. 15.—Of all the American soldiers who will be invalided back from European service, twenty percent will require treatment in insane asylum. Shell-shock and similar maladies will affect at least this many, in the opinion of Dr. William A. White, superintendent of St. Elizabeth's Hospital, Washington.

Congress has voted him funds to expand the hospital on these estimates: That ten per cent of the 2,000,000 soldiers who will see service abroad the first year will be invalided home; that one fifth of them will be temporarily or permanently insane.

Because his institution may not be able to care for all the patients, Dr. White has been given authority to send the men to hospitals throughout the country paying for the service.

"I will not estimate the number of men I expect to treat," said Dr. White. "The very best we may hope for is several thousand. The science of restoring their minds will progress rapidly."

Mental examiners will visit cantonment camps to see that drafted men who seem likely to succumb easily to intense nervous excitement are exempted from foreign service.

GENERALS SAME; MEETING IS NOT

American, French and German Attaches, Once Lieutenants, Thrown Together Again

GERMAN WAS RETREATING

And Pershing With Frenchman Was Watching Him—First Met in Manchuri

By HENRY WOOD
(U. P. Staff Correspondent.)

With the French Armies, Sept. 25. (By Mail)—When the victorious French poilus swept up the slopes of Morhonne recently the fortunes of war brought together on the same field of battle three generals, who as lieutenants had served together as military attaches with the Russian army in the Manchurian campaign.

One of these was General Borvisart, commanding the troops who wrested the final possession of Northonne from the Germans. A second one was General Pershing, commanding the American Expeditionary Corps in France. The third one will be named later. During the Russian-Japanese war, half a dozen of the military attaches of the great powers messed together and constituted practically a little family. All of them were lieutenants then.

When Corvisart and Pershing, both of whom have become generals since then met by accident just before the second battle of Verdun, and renewed their old Manchurian acquaintance and friendship, General Corvisart invited General Pershing to witness the impending battle on the left bank of the Meuse from his own observatory. As the battle progressed the generals exchanged reminiscences and asked after other members of the old time mess.

General Pershing asked what had become of Lieutenant—, the British member of their attaché mess, and was apprised that he had died with the rank of Colonel early in the present war.

Then a gleam of new interest suddenly came into General Pershing's face. "But Von Etzel," he asked, "Lieutenant Etzel, the German attaché and member of our mess? What do you suppose has ever become of him?"

"Oh, Von Etzel," replied General Corvisart, with an even greater gleam of pleasure in his face. "Oh, he, too, is a general now." Then turning suddenly towards the battlefield, he added, "And if you will look quickly Mon General, you will be just in time to see my victorious poilus chasing the tail end of General von Etzel's army over the crest of Morhonne. General von Etzel, our former companion in the Manchurian mess is the German General commanding in front of me."

VIRGIN ISLANDS NEED OVERHAULING

Will be Pretty Fair Property With Water Supply, Fire Department and Improvements.

HAS NO SEWERAGE SYSTEM

(By United Press.)

Washington, Oct. 15.—The United States apparently has picked up something in the way of a wholesale house-cleaning job as well as territory of vast military value in buying the Virgin Islands. Officials sent to look them over recently asked Congress for \$200,000 to correct alleged conditions.

No water works in any town. Drinking water obtained from cisterns or hauled in wagons from unsanitary wells. Fire departments consist of hand carts, tube tanks and hand pumps. No sewerage system. No furniture for government offices which contain old Danish safes made of cast iron and locked with keys.

The cheerful word was brought back that for many years past, the island's budget has never met expenses. The biggest revenue obtained was from revenues against imports from the United States which are now cut off. In addition—labor troubles are chronic because of importations of low-class workmen.

LIBERTY LOAN CELEBRATION WILL PROBABLY BE HELD HERE

Committee Considers Acting on Suggestion in President Wilson's Proclamation Today

CHURCHES TO OBSERVE DAY

Next Sunday Will be Liberty Loan Sunday and Special Sermons Will be Preached

COUNTY NOW RANKS SIXTH

Report Shows \$79,850 Subscribed up to Tuesday Night—Aeroplane Flights Likely

Liberty Loan Sunday will be observed in the churches here next Sunday and plans are being formulated here today to stage a big celebration on Wednesday, October 24, in accordance with a proclamation issued by President Wilson today urging that day be set aside to boost the Liberty Loan. The observance in the church was decided upon at a meeting of the ministerial association in the Peoples National bank this morning.

Rush county is still gaining on other Indiana counties in the seventh district federal reserve bank district in the per cent of Liberty Loan Bonds sold.

The last report from the district headquarters at Chicago, received last Thursday, disclosed Rush county is seventh place among the counties of the state, but the report this morning ranks this county sixth and a close contender with Shelby county for fifth place. If the county keeps up its gains—because she was in tenth position less than a week ago—she will be up in second or third position on the next report.

The report received today covers all subscriptions received up to the close of business last Tuesday evening. It will be seen that this does not include the day of Rush county's drive so that the next report may be expected to show a much larger gain than any yet and will likely put Rush county nearer the front than ever.

Today's report gives Rush county's number of bond subscriptions as one hundred and twenty and the par value of them as \$79,850. This is 11.2 per cent of the county's quota.

The Liberty Loan organization here will attempt to get a man of national reputation for the celebration Oct. 24. The proposition of bringing Newell Dwight Hillis or Lincoln McConnell here is being considered, but it is regarded as doubtful whether either man could be obtained. At any rate, the committee will try to get a good speaker. It is impossible to get Senator James E. Watson because his time is all taken until November 2.

In observing Liberty Loan Sunday in the churches, the ministers will preach Liberty Loan sermons Sunday morning and the congregations will all be asked to sing the national anthem at the same hour. Other patriotic songs will be sung. It is probable arrangements will be made to toll the church bells ten minutes.

The record which Richland township has made has stirred other township committees to greater activity. Joe Pike, chairman of the Richland township committee of canvassers, reported to A. L. Gary, chairman of the County Council of Defense, that up to Saturday night subscriptions in his territory amounted to \$22,850. This probably exceeds any other district in the county, although definite reports are not at hand to prove this.

The county chairman of the Liberty Loan organization here has been informed of a coast-to-coast aeroplane raid on hundreds of cities in behalf of the Second Liberty Loan.

Richland Township Record.

Richland township has a record in the Liberty Loan bond sale campaign that is probably not excelled by any other township in the county. Up to Saturday night the township had subscribed to \$22,850 of bonds. The subscriptions in the whole county up to Tuesday night amounted to only \$79,850.

Army flyers in aeroplanes and balloons will accomplish this raid on this coming Saturday.

The flight which is of local interest is the one to be made from Wright field near Fairfield, O., to the Speedway near Indianapolis. Whether the flyers will come over this city is not known, but it is probable that they will if there is more than one. One route is along the National Road and if a second route were followed, it would in all probability be over this city by way of Liberty, Connersville, Rushville, Morristown and Indianapolis, because local business men have already been promised that some trial flights will probably be made this way.

The Liberty Loan organization here will be informed if there will be a flight over this city because a circular issued by the Chicago headquarters says each community over which the army flyers will appear is expected by Washington to arrange celebrations and separate attractions for the day of the flight.

At an appointed hour, forty-five aviators and eight balloonists, armed with paper bombs, will ascend for flights ranging from fifteen to one hundred sixty miles between camps, where the "Eyes of the Army" are in training. As cities, villages and towns are passed over,

SHOOTING CRAPS IS UNDOING OF 2 BOYS

James Palmer's Parole is Suspended
And he is Sent to Reformatory by Court

FRANK HUDSON IS ALSO HELD

Shooting craps on the sidewalk at the corner of Second and Harrison streets, proved the undoing of James Palmer, 16, and Frank Hudson, 15. The two boys, with two others close by were in the act of shooting for 25 cents when the police arrived and broke up the game. The money was on the sidewalk and it had all the appearance of a regular game. It happened about ten-thirty o'clock Saturday night and Chief Yakey and Policeman Seward broke up the fun.

Two of the four boys caught were onlookers and no charges were preferred against them.

Palmer and Hudson were taken before the juvenile court this morning and both entered pleas of guilty to gaming. Palmer's parole on a charge of second degree burglary was revoked and he was sentenced to the reformatory at Jeffersonville for a period of from two to fourteen years. The charge of gaming was dismissed and the parole then revoked after the court found he had not followed instructions regarding his conduct. The case of the Hudson boy was referred to Probation Officer James G. Miller.

The Palmer boy was originally given the suspended sentence for breaking into a C. I. & W. freight car and stealing some tobacco. The boys were first brought in police court and on account of their ages, the mayor ordered them sent to the juvenile court.

Going to Y. M. C. A. Meeting.

Dr. D. Ira Lambert and Samuel L. Trabue will attend the Army and Navy Y. M. C. A. statewide war conference tonight at Claypool hotel in Indianapolis when Sherwood Eddy, noted Y. M. C. A. worker who is just back from a visit to the trenches in France, will deliver an address on the work of the Y. M. C. A. there. Dr. Lambert will represent the County Council of Defense and Mr. Trabue, the Y. M. C. A. army and navy extension work.

ONE MORE CASE IS REPORTED TODAY

Harley Frazier is Found to be Suffering With Diphtheria—Strict Quarantine

NONE RELEASED UNTIL WELL

Health Board Gets Report From Indiana on Culture Before Lifting Quarantine

One new case of diphtheria was reported today, Harley Frazier being the patient. He had suffered from a sore throat for a few days and a culture report sent back from Indianapolis brought the word that he had diphtheria.

The health board believes it has the situation well in hand, despite rumors and wild stories going the rounds, especially in surrounding cities. A report from Richmond today stated that it was rumored there that no children were permitted either to leave or enter the city and that the epidemic was raging horribly.

A Richmond paper telephoned here to verify the report and was promptly told the truth. With the possible exception of one patient all are getting along as well as could be expected. The one exception is the case of Vivian Stucker, corner of Willow and Ninth streets. The child was critically ill Sunday and for a time her death seemed certain. Today, however, she was better and the attending physician held out hopes for her recovery.

To make absolutely sure that none of the families under quarantine are released before they are thoroughly recovered the health board sends a culture to Indianapolis for examination. One family today was about to be released from quarantine, but the report showed positive signs of germs and the quarantine will not be raised. In this manner the health board is using extreme care not to expose others to the disease.

Some of the cities surrounding Rushville have taken advantage of the epidemic and exaggerated the conditions. The local press has given the exact situation as revealed by the health board and there could be no source of information as authentic as that of the board. The board is telling the exact conditions so that the public can co-operate and this the public is doing.

There were no Sunday schools yesterday and every effort is being made not to permit children to congregate. Today there were very few children on the streets of the city and they themselves have shown a willingness to help. Unless some unforeseen complications develop, the city schools will open next Monday, the date originally set by the board of health.

ONE IN COURT.

Clarence Abrams pleaded guilty to public intoxication in police court this morning and was fined one dollar and costs. He paid his fine, amounting in all to \$11.

A boy was born to the wife of Louis Miller this morning.

WHITE SOX ARE NEW CHAMPIONS

Win World' Series by Taking Game Today From New York by Score of 4 to 2.

SCORE THREE IN FOURTH

Outhit and Outplay Giants—Perritt Relieved Benton in Sixth But Too Late.

Polo Grounds, New York, Oct. 15.—The Chicago White Sox today won the sixth game and also the world's series by beating the Giants, 4 to 2. The new champions were apparently crowned in the fourth inning when they found Benton for three runs. This lead was never overcome, although the Giants fought hard and scored two runs in the fifth inning. Perritt relieved Benton on the mound for New York at the start of the sixth. The Giants played ragged ball in the field and every error was taken advantage of by the Sox. The score by innings:

R H E
Chicago 0 0 0 3 0 0 0 1—4 7 1
N. York 0 0 0 0 2 0 0 0—2 6 3

(By United Press.)

Polo Grounds, New York, Oct. 15.—The Giants and White Sox met here this afternoon in bitter strife or what may be the deciding game of the 1917 world's series.

There were no friendly greetings and hand shakes exchanged between the two teams. Each group vent about their batting practices without the usual kidding from the other side. For the Giants the series was at stake on the turn of this game. The Sox might lose and come back tomorrow but there would be no tomorrow for the New York rowd if they failed today. The weather today was the best of any game of the series. A warm sun was shining, so warm that overcoats were doffed. The stands filled slowly.

Aside from the occasional dangling of cow bells the crowd was exceedingly quiet.

The playing field was in excellent condition. Benton was putting a lot of stuff on the ball.

FIRST INNING

Chicago—J. Collin out, Fletcher to Holke. McMullin fouled to Rariden. E. Collin singled to center. Jackson out, Herzog to Holke. No runs, one hit, no errors.

New York—Burns out, E. Collins to Gandil. Herzog singled to left. Kauff fanned. Zimmerman flied to Jackson. No runs, one hit, no errors.

SECOND INNING

Chicago—Felsch fanned. Gandil singled to center. Weaver out, Gerog to Holke. Schalk out, Zimmerman to Holke. No runs, one hit, no errors.

New York—Fletcher out, Schalk to Gandil. Robertson out, E. Collins to Gandil. Holke doubled to left. Rariden out, E. Collins to Gandil. No runs, one hit, no errors.

THIRD INNING

Chicago—Faber fanned. J. Collins flied to Herzog. McMullin fanned. No runs, no hits, no errors.

New York—Benton fanned. Burns flied to Felsch. Herzog flied to Felsch. No runs, no hits, no errors.

SUBMARINE SHELLS PEOPLE LEAVING SHIP

London, Oct. 15.—One American was killed and a second seriously wounded by shell fire from a German submarine against their boat as they were leaving a torpedoed steamer, it was announced today.

The American killed was James Fringer. Frank Donnohue was wounded. Ten other Americans escaped. Two English members of the crew were also killed by the submarine gun, fired directly with apparent deliberation on the boat.

TAX PAYING SEASON HERE

Many Have Forgotten About It, County Officials Believe

With the fall tax paying season at hand, the treasurer's office promises to be a busy place from now on until the first Monday in November. The rush has not yet started and it is evident, according to officials, that many people have forgotten about paying their taxes. Starting today the sum of \$14,000 had to be paid in every day if the full installment was to be met. The daily average will increase as it is not expected that this sum will be paid in every day. The last day for paying taxes is November 5, the day before the city election.

LEONIDAS H. MULL DIES AT MANILLA

Prominently Identified With Farming, Banking and Political Circles of County

ONCE SERVED IN LEGISLATURE

One of Founders of Manila Bank, Serving as Vice-President at Time of His Death

Leonidas H. Mull, 51 years old prominent resident of Walker township, died at his home in Manila Sunday morning at eleven o'clock following a long illness from diabetes. Mr. Mull had been ill seriously since last spring, and altogether his death had been expected. It came as a surprise to a large circle of friends and the immediate family.

The funeral services will be conducted at the late residence in Manila Tuesday afternoon at two o'clock, conducted by the Rev. Virgil Tevis of Martinsville. Burial will take place in East Hill cemetery here.

Leonidas H. Mull was born at the Mull homestead in Walker township and had spent practically all his life in Rush county. He was prominent as a farmer, banker and politician. His father was the late Cyrus Mull one of the pioneers of Walker township. His mother, Mrs. Elenor Mull survives him.

Mr. Mull, together with his brother, Thomas K. Mull and other members of the Mull family founded the Manila bank and Mr. Mull served as vice-president for many years. He was also extensively engaged in farming and his financial holdings were among the largest in Rush county.

Mr. Mull was prominent in the democratic party and in 1898 was elected to legislature from this county, which fact attested his popularity. Mr. Mull at one time aspired for the congressional nomination and was a candidate before the convention against Finly Gray, in 1910. Mr. Mull was beaten for the nomination in one of the great conventions in the history of that party. Since that time he had frequently been mentioned as a candidate, but would never permit his name to be placed in the field.

He was a capable business man and a practical farmer and there probably was no better known man in Rush county. Mr. Mull never married, and is survived by his mother, the one brother, Thomas K. Mull and one sister, Miss Mary Mull.

Mr. Mull was a member of the Masonic, Red Men, Odd Fellows and Knights of Pythias lodges. He took an active interest in the Masonic lodge, being a thirty-second degree Mason. He belonged to the Shrine and Scottish Rite branches of this lodge.

Mr. and Mrs. J. M. Higgins and family are moving from property on First street, to 427 North Harrison street.

TAKE \$15,000 OF 2ND LIBERTY LOAN

Men of Old Co. B Subscribe Liberally at Camp Shelby Where \$900,000 Has Been Taken

COMPLIMENT BY MOORHEAD

Rush County Boys Are Divided Into Gunners, Drivers and Cassion Crews in Artillery

Camp Shelby, Miss., Oct. 12—(By Mail)—In a speech vibrant with patriotism, Captain John H. Kiplinger, of Rushville, Ind., commanding the Headquarters Company of the One Hundred and Thirty Ninth Field Artillery stationed here, today urged the men of the regiment to invest their savings in Liberty Bonds. The occasion was the assembling of the One Hundred and Thirty Ninth for ceremonies in connection with the launching of the government's second big Liberty Loan drive. Nine hundred thousand dollars of the new loan has been subscribed by soldiers at Camp Shelby. Fifteen thousand dollars of this sum has been taken up by the men of former Company 3 of Rushville who are now in Battery A and in the Headquarters Company.

"In offering your service and if need be your lives, you men have already laid your highest sacrifice upon the altar of your country; yet with your extra dollars you are now given an opportunity to express another way your confidence and loyalty to your government and at the same time realize upon a safe and profitable investment," the captain stated. He then explained to the men the method the government has adopted in selling the bonds without making the expense burdensome to the soldier. A soldier may purchase a fifty dollar bond, paying for it in ten monthly installments of five dollars each. The bonds bear four per cent interest and in addition each soldier purchaser is allowed a discount of 25 cents, making the bond cost but \$49.75.

The Headquarters Company of the One Hundred and Thirty-Ninth Artillery is making rapid strides under the able command of Captain Kiplinger. While it is considered the most difficult unit in the regiment to organize, yet the organization is rapidly being completed. The company was complimented highly by Colonel Moorhead who inspected it last Saturday. The Colonel was especially pleased with the neat quarters occupied by Corporals George Myers, Lawrence Cameron, Harley Pea, Paul Koons, Carl Peters, Hartford Sallee and Henry Ball all former members of Company B, 4th Indiana Infantry. After inspecting their tent he turned to Captain Kiplinger and exclaimed, "My what a clean, husky looking bunch of men."

"Rush County products," the captain replied.

In Battery A, which is composed of men from Rushville and Decatur, great headway is being made. The men now have been divided into runners, drivers and cassion squads, and are being drilled 8 hours daily in the fascinating work of the artillery. Horses are expected within the next few days and their assignment to the batteries is eagerly anticipated by the men.

The One Hundred and Thirty-Ninth started upon the first of sixteen weeks of intensive training Monday. The schedule calls for eight solid hours of drill and study each day. The character of the training will be changed weekly. The program this week is one that affords but little spare time to the soldier.

He rises at 5:45 a. m., dresses and ten minutes later is answering roll call on the company street. This formality over, he marches to the drill ground for fifteen minutes of

To Live Long!

A recipe given by a famous physician for long life was: "Keep the kidneys in good order! Try to eliminate thru the skin and intestines the poisons that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat—the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, scalding "water," or if uric acid in the blood has caused rheumatism, "rusty" joints, stiffness, get Anuric (double strength) at the drug store. This is a wonderful eliminator of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will find that it is many times more potent than lithia and that it dissolves uric acid as hot water does sugar.

MANY OF OUR HOME STATE WOULD TESTIFY.

Logansport, Ind.—"It has been some time since I took Dr. Pierce's Golden Medical Discovery. I was troubled with my stomach and I tried everything I heard of, but got no relief. I happened to get a book, telling about this medicine. I read it carefully and thought I would try it. I got six bottles for \$5.00 and I could feel the change before I finished the first bottle. I took about four bottles and I know it helped me more than any other medicine. I am always glad to tell and help others by telling about this medicine. —A. B. WINHAM, 423 Howard St. All druggists. LIBERTY LOAN CELEBRATION PROBABLY TO BE HELD HERE

Continued From Page 1

hundreds of red, white and blue paper bombs containing Liberty Loan literature, will be dropped on each municipality. There will also be dropped one large red bomb, to which will be attached a long ribbon, containing a special message for the Mayor.

The most daring aviators and balloonists from the different camps will be selected for these flights. Applications for the honor of flying in behalf of the Loan already are coming in to the war department. Besides dropping the bombs, the flyers doubtless will give brief exhibitions above every city over which they pass.

The Liberty Loan committee of each city over which the flights take place is instructed from Washington to make broadcast the information that a special red bomb containing a message to the mayor will be dropped from the aeroplanes or balloons, with broadcast instructions that this bomb is to be handed by the finder direct to the Mayor, or to any policeman, who will have been instructed to deliver it direct to the mayor's office.

The aviators and the balloonists will start their raids at the same hour in all parts of the country. The hour of starting will probably be announced later.

The part of the farmer in the Second Liberty Loan is being emphasized in all literature sent out by the Chicago headquarters. In some places rolls of honor for farmers who purchase bonds are being posted.

Dearborn county still leads in the state with 31.2 per cent of its quota sold. Huntington county is second with 17.6 per cent and Fayette third with 14.7 per cent. Wayne county ranks fourth, having sold 12.5 of its quota and Shelby county fifth, the percentage of the quota sold being 11.5.

John W. Mull of Homer is suffering from pneumonia.

Glen Raddel is threatened with typhoid fever.

COMBUSTION CAUSES FIRE

Blaze Breaks Out in Indiana Coal at The Mauzy Company

The second fire within the past few weeks caused by combustion in Indiana coal, occurred Sunday when a blaze was discovered in the coal bin at the Mauzy Company store, Third and Main streets. Hugh Mauzy had occasion to go to the store yesterday morning and found the fire. No blaze could be seen but smoke was coming from the bottom of the bin over near the wall separating the bin from the furnace. The fire department took a garden hose to the store and played water on the coal for several hours, finally drenching it so that the blaze went out. The damage from fire might not have been great, but the smoke would have resulted in heavy loss had the fire not been found just in time.

G. F. FELTON SUGGUMBS

Former Rushville Merchant Dies at Home at Spokane, Wash.

G. F. Felton, formerly a Rushville merchant, died at his home in Spokane, Wash., a week ago today, according to word just received here by friends. Mr. Felton formerly owned the Ninety-nine Cent store and after retiring from that business, ran the basement department for the Mauzy company when that store was located where the Caldwell furniture store is now. Mr. Felton had one leg amputated while living here and had to use crutches. Four years ago he fell and fractured the knee cap of the other leg and since that time had been employed in clerical work on the Spokane Spokesman-Review.

FLORENCE

Beware of imitations or people who claim to have a stove like or just as good as the FLORENCE. Do not be deceived by such false claims and find it out when too late. Examine the Florence carefully before you buy.

The FLORENCE will burn wood as well as coal and will burn coal better than any other stove made.

The Only Absolute Smoke Consuming Stove on Earth.

No Smoke! No Soot! No Dirt! No Clinkers!
Everything is Consumed!

The only jointless leg bottom and base with full radiation and large ash pan that is on the market or has ever been made in the history of the stove industry.

The jointless leg bottom and base makes the stove air-tight below the grate, which is the only true fire keeping principle.

It will be as good a fire keeper twenty years hence as it is today.

The HOT BLAST AIR-TIGHT FLORENCE will heat twice the space that can be heated by any other stove on earth at one-half the cost. The only perfect floor heater that is or has ever been made.

All features are patented and no stove manufacturer, dealer or user can copy or use same until the expiration of the patent without incurring liability for an action for damages.

If the FLORENCE is operated according to directions:—

The No. 153 will heat from 3 to 4 ordinary rooms all winter with 4 tons of slack or lump coal.

The No. 155 will heat from 4 to 5 ordinary rooms all winter with 6 tons of slack or lump coal.

THE HOT BLAST AIR-TIGHT FLORENCE burns soft coal, wood, slack and all the smoke and gasses. No filling up of the stove pipe or flue with soot. It will produce one-half less ashes than any other stove on earth with any kind of fuel and leave no clinkers or half consumed fuel.

Prices from \$23.00 to \$40.00 Why pay \$10.00 to \$15.00 more for other makes of stoves when they will not equal the FLORENCE.

Destructive Criticism

Custom and habit die hard. But the exigencies of human affairs sometimes demand that, however painful the demise, die they must.

The present world war has been the cause of the painful or painless end of many American customs, and many more are slated for the limbo of things that were.

One peculiarly American custom, that has heretofore been regarded as almost a sacred right, is that of being privileged to criticize those in authority. Public men have heretofore regarded themselves as fair targets for every man's verbal artillery, and hence have paid very little attention to it in the main.

Under present conditions, however, the American people are called upon to forego—at least for the time being—this great American privilege; not at all because of its effect upon the subjects of their censure, but because of its destructive effects upon the cause that at this time should be nearest the heart of every true son of America—the winning of the war for the freedom of the earth.

During the six months that have elapsed since this country entered the lists against the central powers of Europe, scarcely a public official has escaped this criticism. In many instances the effect has been little short of disastrous to the plans of the government. Not because of any direct effect upon the officials themselves, but from the simple fact that no man or set of men are proof against opposition. Even the most flagrantly unjust criticism of the most worthy official will to a great extent destroy his influence, undermine his labors and render abortive his best efforts.

If this country wishes an object

Not Due To Sex Alone

Rushville Women Have Learned The Cause of Many Mysterious Pains and Aches

Many women have to come to know that sex isn't the reason for all backaches, dizzy headaches and urinary disorders. Men have these troubles, too, and often they come from kidney weakness. To live simply, eat sparingly, take better care of one's self and to use Doan's Kidney Pills, is bound to help bad kidneys get better. There is no other remedy so well recommended by Rushville people. Read this case:

Mrs. W. A. Wylie, 824 N. Arthur St., Rushville, says: "I have had kidney trouble and I certainly appreciate what a serious complaint it is and how severely one can suffer from it. My trouble began with a dull, dragging pain across my kidneys and over my hips. I was unable to do my housework for a week and was in misery. Others of my family had taken Doan's Kidney Pills with excellent results, so I got some from Pitman & Wilson's Drug Store. I started using Doan's and the pain in my back soon disappeared."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wylie had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.—(Adv.)

lesson of the deadly effects of divided councils, she has but to look at Russia. That the Russian people were justified in deposing the autocracy, none will deny. But when the Czar relinquished the reins of government, it was to a divided and disorganized people—a people with no unity of thought or unanimity of aims. All on earth that the Kerensky government lacks is the moral support of the people. But without this it is impotent and chaos reigns.

Do the American people want chaos in this country? Unlicensed criticism and ill-considered attacks upon those in authority are powerful instruments to bring about just this condition.

President Wilson has been entrusted with the destinies of the American people. Most of those under him in authority are men of his choosing and answerable to him and to the people, as he is also answerable to the people. Attacks upon his lieutenants are so many sticks of dynamite at the foundation of the American cause. They give encouragement to the enemy and create an atmosphere at home that can have but one effect—to tie his hands and render futile his efforts.

The old horsemen's motto is a good one in this instance: "Never grab the reins when the other fellow is driving."

Remember Samson chose his most deadly weapon "The jawbone of an ass."

An Immaterial Difference

It develops that in a matter of figures, there was once a great disagreement between Theodore Roosevelt and George Dewey. The difference was so great as to amount to 5900 per cent. Such a wide margin as that certainly calls for more than ordinary consideration. It seems that when Germany had a squadron of battle ships hovering around Venezuela in 1902, President Roosevelt told the German Ambassador to have his nation call off the dogs of war within 48 hours or he would have Dewey in action. Roosevelt says that at the same time he sent word to Dewey to be ready at an hour's notice. Someone later raised the question about this and Roosevelt referred the questioner to Dewey for confirmation and Dewey said his instructions were to be ready at a minute's notice. The difference between one minute and sixty minutes is 59 minutes, or 5900 per cent. However, it is worthy of note that the German Ambassador sent word home and the German squadron left Venezuelan waters. The difference between one minute and sixty minutes was not so great as to be of weight in determining the action of the German government. Perhaps the German Ambassador wasn't paying as much attention to the difference in minutes as he was to the shape of the jaw and the past record of the man with whom he was dealing. Whatever may have been his mental processes, he acted on the Roosevelt suggestion. We gave Germany an ultimatum and did not go to war either.

The latest revelations of the state department regarding German espionage in the United States places the United States in the same class as Belgium. Even as Germany devastated Belgium, so did she send her emissaries into this country and take the lives of innocent people without cause. Every day makes it more evident that the world can not go on in safety as long as the German autocrats live and rule.

Not the least of the evil effects of this war is the added burden it places on the geography class.

The predicted "dollar eggs" should prove a fertile field for Brother Hoover's activities.

We don't object to the man with a hobby, if he won't insist on all his friends riding with him.

As a real work of art, how about the engraving of a Liberty Bond?

JOFFRE'S MAIL IS EXTREMELY HEAVY

Still Receives Many Letters From Admiring Women and Children in United States

ALL LETTERS ARE ANSWERED

(By United Press.)

Paris, Sept. 15 (By Mail)—The heaviest mail bag of any person in France is probably that of Marshal Joffre.

The Marshal is between two fires. He still receives an enormous number of letters from women and children in America who assure them of their admiration. On the other hand, French soldiers at the front, both officers and poilus, keep up a running fire of correspondence with the Marshal on various subjects. Numerous secretaries carry out the Marshal's order that all letters must be answered.

All of Marshal Joffre's correspondence leaving the Ecole Militaire, where he has his office, is carried in French and International mails without postage. In lieu of stamps a small red seal—a circle in which are two crossed Marshal's batons with the words "Republique Francaise, Marshal Joffre," carries the mail of the Marshal anywhere in the world.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

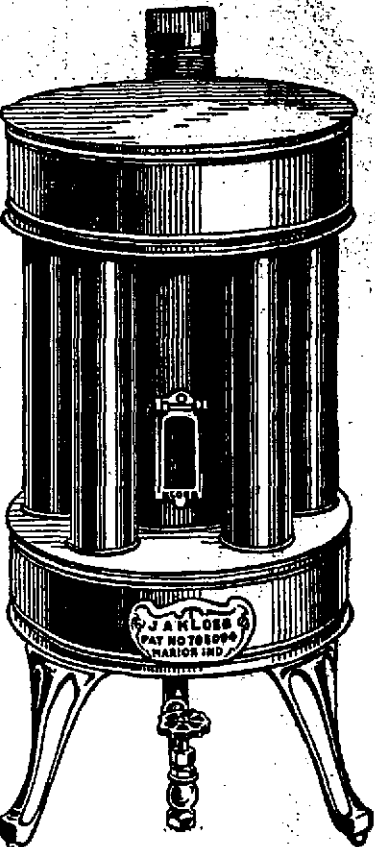

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

W. F. FRANKLIN TO SPEND WEEK HERE

Representative of Department of Agriculture Urges Selection of Seed Corn Now

SPECIAL WEEK BEGINS TODAY

Increased Production Must Come From Increased Yields Per Acre, he Declares

Seed corn week began today. The state food committee has designated this week to emphasize the value and importance of the patriotic work of selecting sufficient seed corn for the next year's crop right now.

W. F. Franklin of Danville, Ind., representative of the United States department of agriculture, will spend the entire week here and wants to see all the farmers he can and give them as much aid as it is possible for him to give.

The United States Relation Service in co-operation with Purdue University has put thirteen men in non-county agent counties to assist in organizing the counties for this work. Bankers, grain dealers, business men, millers, schools and county agents are co-operating to the fullest extent. From every section of Indiana, come reports of the loyal co-operation being secured and it seems that every one is trying to excel his neighbor in doing his bit. The farmers in Wabash, Montgomery, Johnson, Bartholomew, Shelby and Allen counties, all large corn producing counties, are each trying to excel all the other counties in the State in the amount of seed corn selected and stored for planting next year.

"There is every indication that corn will be needed just as badly at the close of 1918 as it is now," Mr. Franklin says. "No one knows how long the war will last. The only way to close it soon is to let our opponents know that we are prepared to carry it on indefinitely. To do this we must exert every effort possible to increase food production. Corn is needed in large quantities to produce pork and beef and to maintain work stock, breeding stock and also as food for man. It will probably not be wise to increase the 1918 acreage much if any above that grown in 1917, because of lack of labor. Increased production must come largely from increased yields per acre. This means that a supply of good seed must be available. And this in turn means early fall selection."

Early selection not only insures greater vitality but the seed thus selected gives plants that have greater vigor, he says. Corn is especially green this year and should we have a frost before October is gone much of it would be unsuited for seed. The only way to avoid this is to select your seed corn now. Experiments conducted at Purdue show that seed selected before the corn is well denting and also that

IF BACK HURTS BEGIN ON SALTS

Flush the Kidneys at once when Back-ache or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, ladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four junes of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

We Have Them

We bought them last April before the advance in price. They are nice, comfortable, good looking, easy riding, sliding doors, nice curtains, 24 inch lazy back and a lot more good things that you have to see to appreciate.

We want you to see them and if you need a Storm Buggy why not buy the Best, when you buy it for less money than you can some other make.

We were fortunate this year in securing the ZIMMERMAN line of STORM BUGGIES, the one line that no one can truthfully say is not the best on the market and by early buying, we were able to get them at a price that makes it possible to sell them to you at a little below the price of other makes, that are not so good.

There are lots of people in Rush County, who have owned ZIMMERMAN BUGGIES. Ask them how they wear? They will tell you they are the best buggy they ever owned. Let us show you these buggies before you buy. If you don't when you see your neighbor's you will wish you had.

RUMOR OF SHOOTING FRAY DENIED TODAY

Deputy Sheriff Fails to Find Any Evidence of Alleged Fight in Glenwood Sunday

FAMILY QUARREL IS TROUBLE

Rumors of a fight between Jasper Dudgeon and his step-son, Jesse Vandiver, at Glenwood which resulted in the shooting of Vandiver Sunday afternoon by Dudgeon, were denied today in Glenwood. In a call to the sheriff here yesterday by Marshal Monroe Brooks, it was stated Vandiver had been shot through the ear, but as near as can be determined Dudgeon, if he injured Vandiver, did so with a poker. ASKS WHAT IS TO BE DONE IN THIS STATE

(By United Press.) Indianapolis, Ind., Oct. 15.—Lieutenant Governor Edgar D. Bush, acting for the governor, today sent a telegram to President Wilson and arrests were made today.

Deputy Sheriff Sullivan was in Glenwood this morning investigating and found no evidence regarding any shooting. Squire Thompson of Glenwood, also denied the shooting story and stated no charges had been filed in his court. Brooks told the sheriff he was afraid of a riot and asked for help. Sheriff Cavitt told him to make the arrest as he had as much authority as he. The fight started over a family quarrel.

Harry Garfield, federal coal administrator, asking for a specific statement of what the federal government is going to do to relieve the coal situation in Indiana. He declared that if no reply is received within forty-eight hours, the state will be ready to take drastic action. "We will try as far as possible to keep within the law," said the lieutenant governor. "but I cannot promise we will. There is a higher law than that upon the statute books and the constitution recognizes that law."

Wooltex Suit Week

Places on display a

Complete selection of the

Season's most fashionable designs

Wooltex Suit Week is here—six full days devoted to special suit buying opportunities.

Value is assured by the Wooltex standard of material and workmanship. As for style, we can only say that Paris and New York have contributed substantially. The makers of Wooltex select from both with taste and discretion.

The Wooltex Suits are very handsome productions and are fashioned from broadcloth, gaberdine, burella, poret twill, poplin, men's wear serge, whipcord, wool velour, tweed, velveteen, silk velour and oxford suiting. The colors are balsam green, walnut brown, beet root, concord, taupe, oxford, navy and black. Plenty of navy which are so much in demand.

Wooltex Suits are \$29.50, \$33.50, \$35.00, \$39.50, up to \$65.00.

We have made special efforts to secure a wonderful showing of suits to retail at most remarkable prices. You will have to see them to appreciate the success of our efforts. A great variety for you to choose from at

KEEP RECORD OF U. S. FIGHTERS

Statistical Division of War Department Will Provide Means of Checking Casualty Reports

TWO FILING SYSTEMS USED

One Will Contain Name of Every Man in Service, Other Gives Regimental Service

(By United Press.)

Washington, Oct. 15.—A small army of clerks, operating files covering 40,000 square foot of floor space, soon will be employed by the statistical division of the War Department to keep the individual record of every man wearing Uncle Sam's uniform.

Announcement of the details of this gigantic filing system forcibly bring home the fact that American soldiers will be killed, wounded and imprisoned in Europe.

The main purpose of the statistics is to provide an accurate means of checking casualty reports. Incidentally, however, the complete army history of the men will be recorded.

Major J. J. Jones has charge of the central office at Washington. Another will be established in Europe. Weekly reports will be made to central offices by divisional bureaus, which in turn will receive information from three members of each regiment, specially detailed to the work.

Two filing systems will be maintained. One, containing alphabetical order the names of every man in the service, will serve as a check in referring to the original names.

The record of each man will contain the name and address of his nearest relative, to serve as an aid in transmission of cabled reports of Department will also undertake to give relatives reports of military funerals, location of burial places and information concerning Americans held in enemy prison camps.

Until the Red Cross came to its aid, the British government experienced great difficulty in handling casualty reports, and by the establishment of this system the War Department intends to avoid similar confusion.

brisk setting up exercises that sends the blood leaping through every vein and gives him a tremendous appetite for the appetizing breakfast that follows. Breakfast over, the soldier has thirty minutes in which to make up his bed, police up around his tent and put himself in a presentable condition for drill. The morning drill begins at 7:30 and lasts until 11 o'clock. At 11 there are 45 minutes more of physical drill after which a respite of thirty minutes ensues to afford the soldier an opportunity to wash up for the noon meal at 12:15.

At 1:30 p. m. it is once more time to fall in for afternoon drill which lasts until 4:30 o'clock. Then comes the impressive ceremony of formal guard mount and retreat at 5:20 at which every soldier must attend, fully uniformed, spic and span with clean clothing and polished shoes. The evening mess call blows at 5:30. If a non-commissioned officer, the soldier again falls in at 7:30 p. m. for an hour's instruction from his officers. After school he has a little time to write letters but he must hurry as call to quarters is sounded at 9:45 p. m. and every man must be in his tent. At ten taps blow and as the last sad note of the bugle is echoed back by the pine forest every light must be out and every man in his cot. Absolute silence must be maintained as the soldier has less than eight hours to rest tired muscles and get them in condition for another day of strenuous exercise.

On Saturday and Sunday the routine is varied. No work but that absolutely necessary is performed on Saturday afternoon or Sunday and the men are permitted leave of absence on these days.

Six thousand conscripted men are expected at Camp Shelby within the next few days. About 400 of them will be assigned to the One Hundred publican. 16411.

OVER HALF OF COUNTY AGENT FUND IS RAISED

Three Hundred of Necessary \$500 Is Subscribed by Farmers of Rush County

PAPER IS AT PEOPLES BANK

Thus far about \$300 has been raised towards the necessary \$500 to make a county agent possible here. W. A. Alexander, who has been largely responsible for raising the money, stated today he believed he could secure the full amount in a very short time if he had the time to devote to the project. The subscription paper has been left at the Peoples National bank and anyone interested in securing a county agent can contribute by calling there.

"I did not get to see very many people," said Mr. Alexander, "in obtaining the \$300 and the full amount would have been raised long ago if I had had the time. We who are interested in obtaining a county agent have not given up hope by any means and it will be only a short time until the petition is presented."

The petition is presented to the commissioners and the \$500 is a guarantee of good faith and goes towards the first year's salary of the agent. The law makes it mandatory on the county council to appropriate money once the petition is presented along with the \$500.

POLICE SCANDAL TO GET HEARING

Former Chief of Chicago Department Goes on Trial on Charges of Conspiracy

SPECIAL VENIRE IS CALLED

(By United Press.)

Chicago, Oct. 15.—Charles C. Healey, former chief of police, went on trial in circuit court here today on charges of conspiracy, growing out of alleged collection of money from resorts and gambling houses for "protection" and the "sale" of promotions in the police department.

Jointly charged with Healey are William Skidmore, saloon-keeper, and Stephen Barry, former detective sergeant. Clarence Darrow, famous labor attorney is chief counsel for Healey. Judge Sabath has called a special venire of 100 men for the opening of the trial.

NEW PENSION BOARD HERE

Drs. E. I. Wooden, C. H. Parsons and H. P. Metcalf the Members

The re-organized pension board for Rush county is composed of Drs. E. I. Wooden, Charles H. Parsons of this city and H. P. Metcalf of New Salem. Announcement of their appointment was received today from Washington. The old board was composed of Dr. W. C. Smith, Dr. H. V. Logan and Dr. Walther of Glenwood. Dr. Smith was appointed to fill the vacancy caused by Dr. Charles L. Smullen's resignation and when he himself resigned several weeks ago the board was reorganized.

Farm of 73 Acres at Auction! Tuesday, October 23rd

Two and one-quarter miles west of Rushville on the Shelbyville pike, immediately after the personal property is sold. This farm will be sold at auction. I think it to be under as high a state of cultivation as any farm in Rush county, located on prominent road, well fenced, good seven-room house, good barn, silo, five wells of water, well drained, every bit of which is tillable. Free gas in every room of house for heat, cooking and light—in fact everything will be in first class repair.

TERMS—When bid off you will be required to pay \$3,000 in cash, or more if you prefer. Balance of purchase price will be divided in 6 equal yearly payments, drawing 6% interest from date, to be secured by first mortgage. I feel this to be an opportunity of possibly a lifetime for a man with moderate means to buy himself a comfortable home. You have no arrangements to make with any loan company or deferred payments, as to that you will note. I am taking care of you. All you have to do is to lay down the required cash payment and your deeds and transfers will be made to you. So be prepared to take advantage of this opportunity that may never again present itself to you.

PREPARING TO TREAT INSANE

Government Estimates That 20 Per Cent of Soldiers Will Require Treatment

DR. WHITE WILL HAVE CHARGE

Shell Shock and Similar Maladies Expected to Claim Heavy Toll in Army

(By United Press.)

Washington, Oct. 15.—Of all the American soldiers who will be invalidated back from European service, twenty percent will require treatment in insane asylum. Shell-shock and similar maladies will affect at least this many, in the opinion of Dr. William A. White, superintendent of St. Elizabeth's Hospital, Washington.

Congress has voted him funds to expand the hospital on these estimates: That ten per cent of the 2,000,000 soldiers who will see service abroad the first year will be invalidated home; that one fifth of them will be temporarily or permanently insane.

Because his institution may not be able to care for all the patients, Dr. White has been given authority to send the men to hospitals throughout the country paying for the service.

"I will not estimate the number of men I expect to treat," said Dr. White. "The very best we may hope for is several thousand. The science of restoring their minds will progress rapidly."

Mental examiners will visit campment camps to see that drafted men who seem likely to succumb easily to intense nervous excitement are exempted from foreign service.

GENERALS SAME; MEETING IS NOT

American, French and German Attaches, Once Lieutenants, Thrown Together Again

GERMAN WAS RETREATING

And Pershing With Frenchman Was Watching Him—First Met in Manchuria

By HENRY WOOD
(U. P. Staff Correspondent.)

With the French Armies, Sept. 25. (By Mail)—When the victorious French poilus swept up the slopes of Morhonne recently the fortunes of war brought together on the same field of battle three generals, who as lieutenants had served together as military attaches with the Russian army in the Manchurian campaign.

One of these was General Borvisart, commanding the troops who wrested the final possession of Morhonne from the Germans. A second one was General Pershing, commanding the American Expeditionary Corps in France. The third one will be named later. During the Russian-Japanese war, half a dozen of the military attaches of the great powers messed together and constituted practically a little family. All of them were lieutenants then.

When Corvisart and Pershing, both of whom have become generals since then met by accident just before the second battle of Verdun, and renewed their old Manchurian acquaintance and friendship, General Corvisart invited General Pershing to witness the impending battle on the left bank of the Meuse from his own observatory. As the battle progressed the generals exchanged reminiscences and asked after other members of the old time mess.

General Pershing asked what had become of Lieutenant——, the British member of their attaché mess, and was apprised that he had died with the rank of Colonel early in the present war.

Then a gleam of new interest suddenly came into General Pershing's face. "But Von Etzel," he asked, "Lieutenant Etzel, the German attaché and member of our mess? What do you suppose has ever become of him?"

"Oh, Von Etzel," replied General Corvisart, with an even greater gleam of pleasure in his face. "Oh, he, too, is a general now." Then turning suddenly towards the battlefield, he added, "And if you will look quickly Mon General, you will be just in time to see my victorious poilus chasing the tail end of General von Etzel's army over the crest of Morhonne. General von Etzel, our former companion in the Manchurian mess is the German General commanding in front of me."

VIRGIN ISLANDS NEED OVERHAULING

Will be Pretty Fair Property With Water Supply, Fire Department and Improvements.

HAS NO SEWERAGE SYSTEM

(By United Press.)

Washington, Oct. 15.—The United States apparently has picked up something in the way of a wholesale house-cleaning job as well as territory of vast military value in buying the Virgin Islands. Officials sent to look them over recently asked Congress for \$200,000 to correct alleged conditions.

No water works in any town. Drinking water obtained from cisterns or hauled in wagons from unsanitary wells. Fire departments consist of hand carts, tube tanks and hand pumps. No sewerage system. No furniture for government offices which contain old Danish safes made of cast iron and locked with keys.

The cheerful word was brought back that for many years past, the island's budget has never met expenses. The biggest revenue obtained was from revenues against imports from the United States which are now cut off. In addition—labor troubles are chronic because of importations of low-class workmen.
